ATTENDANCE POLICY

Michigan School Code 15, Section 73-Compulsory Education

"Every parent, guardian, or other person in the State of Michigan, having control and charge of any child between the ages of six and sixteen years, shall be required to send such a child to the public schools during the entire school year and such attendance shall be continuous and consecutive for the school year fixed by the school district in which such a child is enrolled."

The Yale Board of Education believes that attendance is a cooperative effort between parents, students and school officials. However, state laws also require school boards and administration to be responsible for the whereabouts of students during school hours.

All attendance policies will be applied with equity and consistency, keeping in mind that students are individuals, with individual needs. Rules are provided to help our students develop responsible habits and become more responsible citizens and not to unduly punish or ridicule the person.

Homework Policy for Absent Students: 1) One day's absence; student makes up work *within two (2) days of* return. 2) two or more day's absence; parent notifies school of need for homework assignments. Teachers have at LEAST overnight to prepare assignment to be sent home.

PARENTAL RESPONSIBILITY

1. Provide an attitude at home that school attendance is important and valuable to the student.
2. Be sure that their children will be in school every day possible.
3. Provide a united front with the school in correcting any problems dealing with attendance.
4. Notify the school by 8:30 a.m. for each day that a student is absent (387-3231).
5. Provide a written note to school upon return to school stating reason for absence (2-day limit) or tardies.
6. For known prolonged absences, to notify the school and make arrangements for materials to be sent home.

STUDENT RESPONSIBILITY

1. Be in class every day that you are physically able to do so.
2. Provide excuse for absences or tardies immediately upon return to school.
3. Present written parental excuse to each teacher stating reason for absence (2 day limit) or tardy.
4. Students must be in attendance at least 50% of the day to participate in extracurricular activities, unless prior permission is granted by the principal or designee.

SCHOOL RESPONSIBILITY

1. Implement a plan that assures parents that we are a partner with them which provides a regular system with follow-up.
2. Counsel parent and student as to the consequences of non-attendance.
3. Adhere to all legal requirements regarding the student's rights regarding due process.

4. Recognize regular attendance as a worthy achievement.
5. Provide parents with materials in order to continue a student's educational progress during a prolonged absence.

Research shows that there is a direct relationship between good attendance and classroom success. Students who have good attendance generally achieve higher grades, enjoy school more, and are much more employable after leaving high school. Likewise, poor attendance may be one factor in the student not achieving the minimal expectations of the class.

EXCUSED AND UNEXCUSED ABSENCES

All absences, excused or unexcused, will count on the attendance policy. All excused absences (a note from a parent) will be allowed make-up work. Unexcused absences will receive an "E" for the day and make-up work will be given, evaluated but will not be counted toward the student's grade in his/her classes.

THE FOLLOWING PROCEDURES WILL BE USED CONCERNING CLASSROOM ATTENDANCE:

1. When reaching 6 days absence, in any class, the parents or guardians will be notified by letter.
2. When reaching 9 days absence, in any class, a conference will be requested with the teacher, parents or guardians, student and principal/assistant principal.
3. When reaching 13 days absence, in any class, the student **will fail to earn credit for that course but must still attend class.** Behavior problems or truancy will result in further assertive discipline.
4. A student who reaches 13 days absence in more than half of his/her classes will be suspended from school and expulsion proceedings will be initiated.
5. To be considered school business, the student needs to pre-excuse his/her absence with a note and phone call at least 2 days prior. Examples are:

College Visits
Military Visits

EXCEPTIONS TO THE CLASSROOM ATTENDANCE POLICY ARE AS FOLLOWS:

1. An absence due to a school-sponsored event.
2. An absence verified by a physician that the student was unable to be in attendance and could return on another date.

3. In extenuating circumstances, the limit can be extended after a conference is held with the student, parent or guardian, teacher and principal. (i.e., extended illness, death in family, serious family problems and principal's discretion.)
4. Homebound instruction is available for all students in the Yale Public School System. Arrangements must be made with the building level principals for homebound instruction. The criteria for homebound is:
 - The illness must be long term (10 consecutive days) and it must be approved by the building level principal and the director of Special Education.

TARDY PROCEDURES

Tardiness is defined as not being in your assigned room and seat when the bell rings.

1. When a student is detained by authorized personnel, he/she will be given a pass and the tardy will not count against him/her.
2. Roll will be taken at the start of the hour and recorded into the computer system within the first ten minutes of the class period. A student coming in 15 minutes after the start of the class unexcused will be considered absent.
3. Three (3) tardies to a class equals 1 absence. The teacher shall report this to the office when the student reaches the third tardy.
4. Late arrivals must sign in at the attendance office. Parents need to notify the attendance office their child will be tardy. Parent notification does not excuse or eliminate the tardy.
5. When a student reaches his/her 3rd tardy, in a class, per semester, the student will receive a detention. For every tardy following, the student will receive an additional detention.

HALL PASSES

A teacher's hall pass is to be used for students out of a classroom. Any student out of class without a pass is subject to detention. The restrooms are to be used during passing time. Loitering in the restrooms is not permitted.

1. If a student gets sick during the day, he/she must report directly to the office.
2. A student must never leave the building to go home or to seek medical assistance unless directed to do so.
3. All accidents and injuries at school require an injury report to be completed in the office.

LEAVING AND RETURNING TO SCHOOL

No student shall leave or return to the building without first obtaining permission from the high school office. The student is required to sign in and out at the office and have excuse verified by parent. Failure to comply will result in disciplinary action.

VISITORS

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform the office personnel of their reason for being at school. Students may not have visitors in school during class time because they are unacceptable distractions to the educational process.

It is further understood that students who persist in interfering with the rights of others or continue to be uncooperative after a warning will simply eliminate themselves from school. The school is concerned with the learning atmosphere as well as individual rights or desires of students. If you desire further information concerning misconduct, suspension, or expulsion, refer to the Board of Education Policy Book, available online.

By virtue of being a student of Yale High School, each student agrees to abide by the rules of the school. Any member of the faculty or staff whether or not he or she is in direct control of the group may make a request of any student. When a student does not comply with the law and/or school rules, the privilege of attending school and all school-related activities may be revoked.

DETENTION PROCEDURE

An after-school supervised detention room has been established for student truancy or misconduct. Repeated truancy or misconduct may involve more severe discipline.

WARNING:

Participation in interscholastic athletics includes a risk of injury, which may range in severity from minor to long term catastrophic. Although serious injuries are not common in supervised school athletic programs, it is impossible to eliminate this risk. Participants can, and have the responsibility to help reduce the chance of injury. Players must obey all safety rules, report all physical problems to their coaches, follow a proper conditioning program, and inspect their equipment daily. Parents and students who do not wish to accept the risks described in this warning should not allow their child to participate.

CODE OF CONDUCT

It is a privilege to participate in **Athletic** activities. Appropriate conduct/behavior should encompass and embrace **all activities** affecting athletes. At Yale an athlete is defined as (1) member of any athletic team and/or (2) team managers. An individual is considered an athlete from the first time they participate in a sport to the time they graduate from Yale High School. The athletic handbook is in effect 12 months out of the year. For any violations that occur on the last "game" during a sport season, the penalty will be invoked at the beginning of the athlete's next sport season participation. It is the athletes and parents responsibility to read the Athletic Handbook and to abide by the regulations stated therein.

The following activities will be covered in this document: All contracted activities in the master agreement of the teacher contract, schedules B1 and B2, that are not part of a scheduled class during the school day.

Students are also subject to all Michigan High School Athletic Association rules and regulations even though such rules may not be included specifically in this document. Any student who participates in an activity remains subject to the rules and regulations of this document until graduation (summer months included).

The completed form will be kept on file in the building office during the school year.

D. PARTICIPANT PHYSICAL EXAMINATION

A student must have a physical examination completed by a physician (M.D. or D.O.) certifying that the student is fully able to compete in athletics. The physical must take place after April 15 of the previous school year to be used for the current school year. The student must submit the completed physical form to the athletic director's office prior to participating in tryouts, practice sessions, or contests. The completed form will be kept on file in the building athletic director's office during subsequent sports seasons.

F. SEASONS OF COMPETITION

A student, while enrolled in grades nine through twelve, shall be eligible to compete in no more than four (4) seasons in either first or second semester athletics. K. UNDERGRADUATE STANDING

A high school athlete may not be a high school graduate. Likewise, a junior high athlete may not be a junior high graduate.

L. ACADEMIC ELIGIBILITY

Note: Any athlete marked ineligible will have a chance to become eligible in one week. As a follow-up, an eligibility form will be sent to check on the student's progress after one week. He/she is still considered a member of the activity and must obey all rules during the period of ineligibility. A student will receive at least two week's warning before being ineligible.

Failure to comply: Any student who fails to meet any of the above regulations will not be allowed to participate until such time as he/she complies with the regulations in this section. Note: In case of all suspensions, the athlete, unless excused by the coach, must practice with the team, be in attendance at the game, and abide by team regulations. If an athlete is suspended for the remainder of the season, then the athlete will be dropped from the squad, will not be allowed to practice, and will forfeit any recognition, individual or team honors. A student's eligibility runs from the start of the marking period to the end of the marking period.
